

Klepper Kayaksailor Sail System.

The 'full performance' sail for your Klepper Kayak.

This patented sail system is the most innovative and easy to use you will find for your Klepper Folding Kayak.

The rig comes mounted with the Tripoint® adapter and attaches to your Klepper in 2min. 30 secs.with two thumb screws.

No drilling, no gluing, no modifications – attach and go.

1

Attach: 3 screws (2 shown)

2

Insert Lee Boards

3

Raise Sail
Also reefed position

Extend Mast

Features:

Integrated foil-profile lee-boards for outstanding upwind performance. The *Magic Track™* mast step allows the sail to be raised and lowered from the seated position. A fully battened sail offers optimum performance for all points of sail. Stainless steel fasteners, UV stabilized components and anodized aluminum spars ensure ultimate corrosion resistance and long life. Performance components from Harken®, Ronstan®, and RWO® High tech cordage from FSE/Robline®, Samson® and New England Ropes® Ripstop urethane coated sailcloth from Challenge® for strength and durability.

A 1,6 sq.m on a Klepper Single

Folds into a custom UV resistant carry bag: 50" x 24" x 7"

The 1.6 sq.m. Kayaksailor sail was more than I ever expected. It really is a fine piece of equipment and I felt even more stable under this sail in higher seas.~ Greg, Florida on a 7 day trip with his Klepper Quattro 545.

Kayaksailor Sail – 1,4 sq.m: \$609.00 or 1,6 sq.m: \$649.00
